NEVER QUIT

It's the attitude that defines our company and our forklifts — forged by more than 100 years of continuous innovation in the design and manufacture of industry-leading forklifts.

Reliability to keep your trucks up and running. Exclusive features that enhance productivity. Unique designs to reduce maintenance and lower cost. You'll find it all in each forklift we manufacture and throughout the UniCarriers line.

Available on all Class I, IV and V products. Contact your local authorized dealer for specific details, limitations and exclusions.

UNI CARRIERS®
[**FORKLIFT**]

Engine Powered

Smart Designs. Powerful Performance.

Platinum II® Series

At the heart of both our Platinum II® cushion tire and pneumatic tire forklifts are UniCarriers' own legendary GK21 and GK25 industrial engines — delivering **greater torque and horsepower** while raising the standard for reliable performance.

All Platinum II® LP and Dual Fuel forklifts feature an advanced fuel management system that **improves economy, lowers emissions and protects the engine** in the event of excessive heat or drop in oil pressure.

A UniCarriers exclusive — the Platinum II® Nomad Series is a compact pneumatic tire forklift that is highly maneuverable, amazingly versatile and **the only forklift available** that moves seamlessly from inside the warehouse to improved surfaces outside.

PF(D)80-PF(D)120 Series

The PF(D)80-PF(D)120 Series has been designed to operate in tough environments and will deliver the rugged performance you need to get the job done. Whether you need to work indoors or out, it excels in heavy-duty applications for your specific business needs.

- Wholesale Trade - Durable Goods
- Primary & Fabricated Metal Industries
- Building Materials & Garden Supplies
- Stone, Clay & Glass
- Lumber & Wood Products
- Trucking & Warehousing

**Platinum II® Series

**Platinum II® Series
Cushion Tire Models**

LPG / Dual Fuel

Load Capacity (lbs): 3,000 / 3,500 / 4,000†
5,000 / 5,500 / 6,000† / 6,500† / 7,000 / 8,000

**Platinum II® Nomad Series
Compact Pneumatic Tire Models**

LPG / Dual Fuel

Load Capacity (lbs): 3,000 / 3,500 / 5,000

**CF100-CF155 Series
Cushion Tire**

LP

Load Capacity (lbs): 10,000 – 15,500

**PD Series
Pneumatic Tire Models**

Diesel

Load Capacity (lbs): 4,000 / 5,000 / 6,000 / 7,000

**PF(D)80-PF(D)120 Series
Pneumatic Tire Models**

LPG / Dual Fuel / Diesel*

Load Capacity (lbs): 8,000 – 12,000

**PD6 Series
Pneumatic Tire Models**

Diesel

Load Capacity (lbs): 13,000 / 15,500 /
17,500 / 22,000

*Diesel model only available in US/Canada

†Models are available with a shorter chassis and wheelbase to deliver needed capacity in a more compact size.

Battery Powered

Less Maintenance. Increased Productivity.

RPX Series Walkie/Rider Pallet Trucks

24V

Load Capacity (lbs): 6,000 / 8,000

Push design lift linkage and solid steel tie rods used in the WLX, RPX, WPX, and SPX pallet trucks never extend beyond the fork plane, keeping maintenance costs low. The RPX offers the largest end platform in its class, with a cushioned pad for operator comfort.

Brushless AC motors that power UniCarriers battery powered forklifts can provide more uptime.

Within our lineup, you'll find advanced features like on-board diagnostics and thermal protection that drive down costs as they drive up productivity.

WLX / RPX / WPX / SPX / TGX

Our lineup of pallet trucks and tow tractors are designed for optimal performance in **wet and cold applications**.

BX / TX-M / MX SERIES

All UniCarriers sit-down rider forklifts are complete with full-suspension seats, regenerative braking, customizable performance settings, quiet on-demand power steering and auto-power off.

Economy, versatility and performance – they're all standard on UniCarriers battery powered forklifts.

WCX Series Walkie Counterbalance Stackers

24V

Load Capacity (lbs): 3,000 / 4,000

WSX Series Walkie Straddle Stackers

24V

Load Capacity (lbs): 3,000 / 4,000

SPX Series Walkie/Rider Center Control Pallet Trucks

24V

Load Capacity (lbs): 6,000 / 8,000

Optional power steering is available on SPXE models. Includes exclusive articulated frame with 5-point contact for smooth transitions over dock plates and uneven floors. Available with single, double or triple length forks.

UNICARRIERS
[FORKLIFT]

**BX Series

NEVER QUIT ADVANCING

You can't remain idle in the material handling business. Neither can we. That's why all of our people, technology and investments are focused on advancing the reliability, productivity and economy of UniCarriers brand forklifts.

As a result, we've created a whole new category of forklifts with The Nomad, still the only forklift on the market designed for indoor and outdoor operations. We've introduced new features that add value, improve performance, lower costs and set the standard for uptime reliability—and that you won't find on any other forklift brand. We build each forklift with meticulous care to exacting standards, and we back them up with a world-class dealer network and the best standard, limited warranty in the business*.

We **Never Quit** advancing forklift reliability, performance and value, or the support we provide to our customers.

*Available on Class I, IV and V products. Contact your local authorized dealer for specific details, limitations and exclusions.
